BAL VATIKA II: DRAWING OLYMPIAD PAPER

★ Academic Session 2026–27

Student's Name: _____

Roll No.: _____

Class / Section: Bal Vatika 1

Total Marks: 100

Time: 45 Mins

Instructions for Teachers:

- 1) Read each question aloud to the children.
- 2) Use crayon for colouring questions.
- 3) Help the child hold the crayon correctly.
- 4) Let the child draw or colour freely inside the given box.
- 5) Each question carries 5 marks.

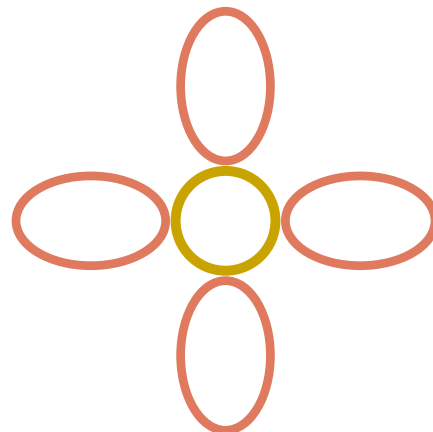

- 1 The left half of the house (roof, wall, one window and half the door) is drawn. Draw the matching right half exactly, then colour both sides the same.

- 2 This pattern repeats with 3 shapes: star, circle, square. Continue the pattern by drawing the next THREE shapes in the correct order.

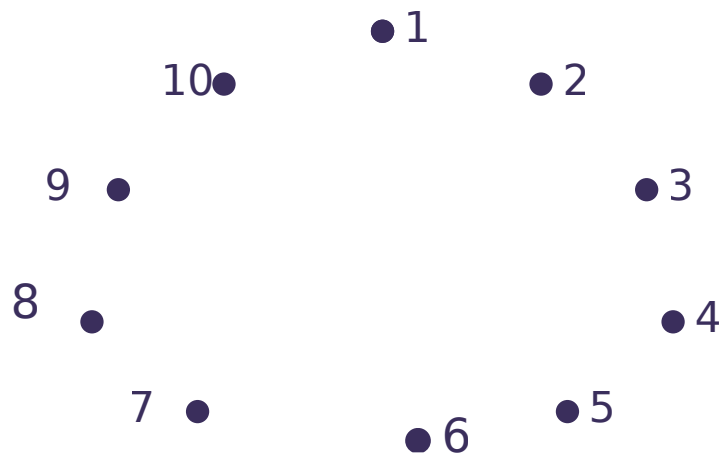

- 3 This flower needs 8 petals in total (4 are drawn). Draw the missing 4 petals, then colour opposite petals with the same colour.

4

Join the dots from 1 to 12 in the correct order to reveal a hidden picture, then colour it in.

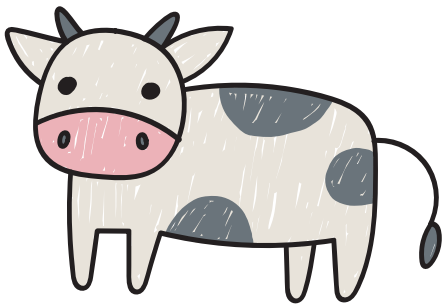

5

Draw the FOUR stages of a butterfly's life – egg, caterpillar, cocoon, and butterfly – one stage in each box, in the correct order.

6

Draw the same cow and colour it.

7

Decorate the birthday cake by adding candles, cherries, and colourful sprinkles. Then colour the cake beautifully.

8

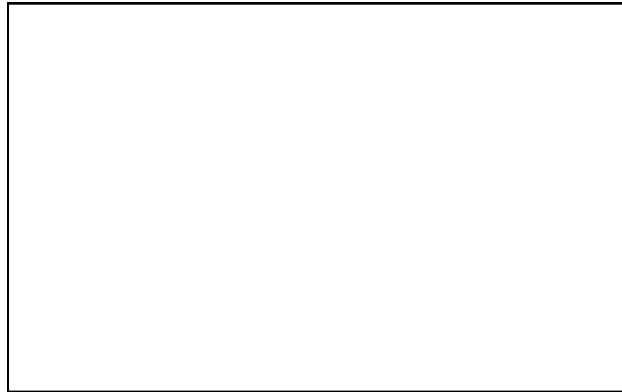

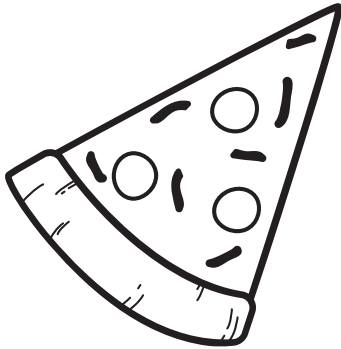

Colour it in red colour.

9

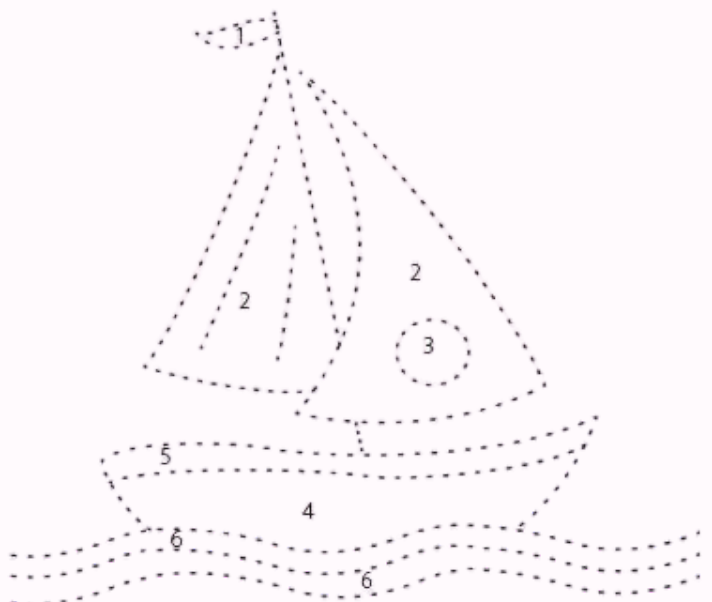

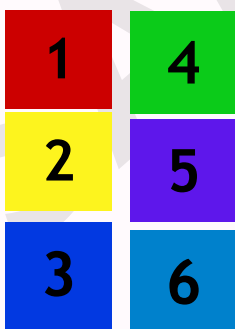

Draw a snowman with FIVE parts: three circles (big, medium, small), a hat, and a scarf around its neck.

10 Colour the Pizza slice and make the shape of it.

11 Draw the Indian Flag and colour it.

12 Join the dots, complete the ship, and colour it.

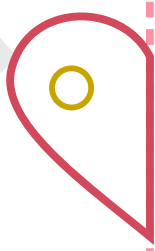

- 13 Draw a little village scene with a house, a tree, a sun and a road.

- 14 Draw a COMPLETE butterfly with both wings from scratch. Both wings must match each other in shape, size and colour pattern.

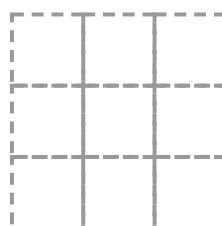

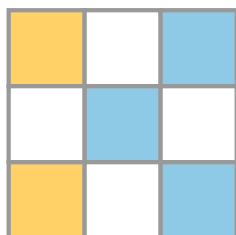

- 15 Half of this heart is drawn, with a small circle pattern inside. Complete the other half and the matching half of the circle pattern.

- 16 Complete the colour pattern:

- 17 Look at the 3x3 coloured grid pattern carefully. Copy it exactly, square by square, into the blank grid.

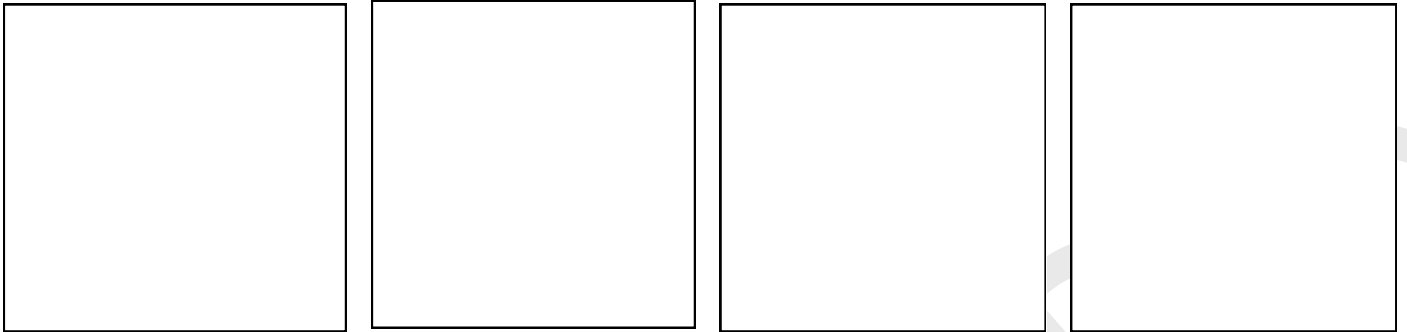

18

Draw an underwater scene with: 3 fish, Bubbles, a water plant

19

Complete this weather story in order: Box 1 (sunny) is drawn. Draw Box 2 (cloudy), Box 3 (rainy) and Box 4 (rainbow) in the correct order.

Four empty rectangular boxes arranged horizontally, intended for drawing weather scenes. The first box is already filled with a drawing of a sunny day (sun, clouds, grass, and a tree). The other three boxes are empty for the student to draw a cloudy day, a rainy day, and a rainbow day respectively.

20

GRAND FINALE: Draw "My Dream Playground" with AT LEAST 6 different things – for example: swing, slide, sun, tree, a friend, and an animal. Colour it beautifully!
